

Your gift. Grover's *future.*

"This is a dream come true," Grover remarked at graduation, a dream he often thought might never happen. Thanks to his resilience and the dedication of our Adult Education teachers, he doesn't just have his high school diploma, he now has hopes and dreams for a solid future.

Donations from individuals like you fuel our mission to be Christ's merciful love to those who suffer.

Your gift. Keisha's *path.*

Just months ago, Keisha was living in a tent. After finding out she was pregnant, Keisha knew she needed a new path. "I love the staff at Madonna House. They are teaching me tools for a new way of life for myself and my baby."

Your gift. Gerald's *restoration.*

After a fire recently destroyed his home, Turley resident Gerald sought help. "Catholic Charities pulled together resources to help us live more comfortably while we figure out our next steps. The emotional support in love means everything to my wife and me, too."
