

Love Changing Lives.

Catholic Charities of Eastern Oklahoma
2016 ANNUAL REPORT

Think for a moment about the Mission of Catholic Charities of Eastern Oklahoma: *Be Christ's merciful love to those who suffer*. As part of the effort to make our community a better place, I am confident you will agree that lives are being changed for the better.

Reflecting on our recent accomplishments, there is clear evidence that Catholic Charities is making an impressive impact in eastern Oklahoma. Our dental program was recognized for its dedication to excellence; the adult education program is growing by leaps and bounds; and twelve amazing young professionals stepped forward to create Next Gen, an initiative to engage adults under 40 in our mission. And, you may have noticed a subtle change to our identity: We will now be known as Catholic Charities of Eastern Oklahoma, reflecting the true scope of our outreach to more rural locations throughout the eastern half of the state.

We always strive to do more and it's only in standing together that we can continue to offer a hand-up to those in need. My heartfelt thanks to our 3,700 financial supporters, volunteers and staff who take part in our mission and make it possible every day.
