Whether you volunteered, donated, or prayed for our mission, your parish made this impact possible. Thank you!

Stories from CCEOK

A client came to our Car Care Clinic with an unsafe, unreliable vehicle—putting steady employment out of reach. Through our donated parts and labor program, our team repaired his car and restored safe transportation. With reliability back on his side, he secured a full-time welding job—and has since returned to volunteer his welding skills at no cost to help other clients as a thank you.

Together, we are Love Changing Lives!
